Description

Office building have a security and an open parkong, which is located in front of the main entrance to the building. The SAPPHIRE business center stands out for its location in the central part of Kiev in the zone of business activity, where all the conditions for the active development of business in any direction are created. Just a few minutes walk from the office center is the Arsenalnaya metro station and public transport, and ulMoskovskaya street is not only remarkable for its developed infrastructure, but also for the convenient exit to the central highways of the Pechersky district.
